FEBRUARY 2018

Highlights

1. Three states went to polls in the month of February, i.e. Meghalaya, Tripura and Nagaland with the last date of polling on 27th Feb with all the results announced on 3rd March. Owing to the implementation of the code of conduct during this period, Nagaland could not start the training.
2. Meetings with govt officers in these three states were also curtailed.
3. However, overall response from the other state governments has been favourable. Assam continues to lead the tally chart with a wait list of three months with 7 batches running simultaneously. Assam completed training of 544 candidates by 28th Feb. This is the highest number for the first month across all 8 states.
4. The MIS portal is functional and all information regarding the training, location, department, candidate details etc is available on line. The dashboard is updated daily.
5. Feedback from the candidates is also taken online and available on the dashboard. Cumulative and individual scoring on the quality of training can be viewed online.
6. From March 2018 onwards there would be no need for a Monthly Progress Report as all the information will be available online.
