Monthly Progress Report
Capacity Building Project of Fifty Thousand State Govt Employees across
8 states in NER

Scheme	‘Capacity Building and Technical Assistance’ (CB-TA/35/2017-O/o US (CBTA)
Name of Project	‘Training on IT and Digital Services (Including Digital Payments and GST) for State Govt Officials in NER’
Funding Agency	Ministry of Development of North East Region
Implementing Agency	NIELIT (National Institute of Electronics and Information Technology)
Total number of trainees	Fifty Thousand State govt employees
Total duration of project	3 years, starting from 27 th Jan 2018
Total Cost of project	Rs. 38.96 (Rs. Thirty Eight crore, ninety six lacs only)
Sanction Order	Dated 28 th Nov 2017
Order details	Training on IT and Digital Services (including Digital Payments and GST) for 10,000 state govt personnel of all 8 (eight) north east states.
Amount Sanctioned	Rs. 6,83,70,000.00 (Rs. Six crore eighty three lac seventy thousand only)
Amount received as first instalment	Rs.3,41,85,000.00 (Rs. Three crore forty one lac eighty five thousand only)
Duration for this sanction	One year from the date of start of project (within two months from the date of receipt of Sanction order) 28 th Jan 2018- 27 th Dec 2018
Period of Report	Dec 2017 and Jan 2018

The North East region comprising of the 8 states viz; Arunachal Pradesh, Assam, Manipur, Meghalaya, Mizoram, Nagaland, Tripura and Sikkim; is a region of high priority for the government of India. While the development of the north east region hinges on its inherent strengths that of a youthful, English speaking and largely literate population and a vast reservoir of natural resources, it also must keep pace with the development happening in the rest of the country and the world. Since all development today is linked to tech, it becomes imperative for the north east to strengthen its business case for investment in digital infrastructure and other key sectors. The recently announced 'Digital North East Vision 2022' by the Ministry of Electronics and IT is an amalgamation of investments in critical areas of development viz; education, healthcare, entertainment, ICT infrastructure, connectivity, tourism, horticulture, agriculture and others. An educated and digitally empowered workforce and citizenry, however, remain key to sustainable development and long term development.

Responding to the clarion call of our Hon'ble Prime Minister to create an inclusive and sustainable development trajectory for the north east, the two ministries viz; the ministry of DoNER and the ministry of Electronics and IT have come together to set the framework for creating an empowered and inclusive Digital India in the north east.

In April 2017, NIELIT, an autonomous scientific society under the aegis of the Ministry of Electronics and IT, made a proposal to the Ministry of DoNER. Under the guidance of Secretary Sh Naveen Verma and Joint Secretary Sh. S N Pradhan, a mega project was curated for training 50,000 state govt employees on IT and Digital Services including digital payments and GST.

The Ministry of DoNER sanctioned Rs. 38.62 crores for the project which would run concurrently in each of the 8 states. The project will enhance the IT skills of 50 thousand state govt officials of NER by providing them digital skills viz; digital literacy, digital payments, e-governance and GST training.

An intensive 14 day training program of 7 hours duration each day has been set up to provide both theory and hands-on experience to the trainees. It is envisaged that real time experience in using digital payments would provide comfort in regularly using digital instruments for professional and personal tasks, thereby creating a critical cohort of digitally empowered citizens in the north east region.

The NIELIT network in NER comprising of NIELIT's centres, extension centres, accreditation and facilitation centres across the 8 states have been pressed into service. A set of 96 awareness workshops depicting the deliverables of the training program, its benefits to the trainees, to the department and to the nation are being carried out across the 8 states.

The main deliverables of this professional development would be to ensure that a critical cohort of fifty thousand govt employees is digitally empowered and are seamlessly integrated with the global digital citizenry. They will be able to use digital tools at work including use of government e-services for a range of citizen centric requirements.

An increased number of citizens will understand the benefits of Digital Payments and will be able to use various modes and utilities such as: Internet Banking, Unified Payment Interface (UPI), Unstructured Supplementary Service Data (USSD), BHIM App, Bharat QR, Aadhar Enabled Payment System (AEPS), Bharat Bill Payment Systems (BBPS).

Quick uptake of digital skills is built into the project through a series of hands-on-experiences, such as trainees having to fill out an online registration form including their aadhar registration number, receipt of online certificate, individual access to Digital Locker and others.

January 2018 Highlights

1. Training commenced in 13 locations across 5 states viz; Assam, Manipur, Mizoram, Tripura and Sikkim, with nearly 70 state govt departments having nominated their employees to the training.
2. The first training batch with 15 candidates began training at Churachandpur, Manipur on 9th January. By end of month, 305 state govt employees had completed their training against 474 nominations received from various state govt departments.
3. With elections being announced in three states i.e. Tripura, Meghalaya and Nagaland, training could not be started in Meghalaya and Nagaland, while Tripura began training earlier and continues.
4. Overall response of state governments has been favourable. Assam has a wait list of three months with 7 batches running simultaneously. Assam completes training of 273 candidates by 8th Feb. This is the highest number for the first month across all 8 states.
5. Bio-Metric attendance units have been installed in each training location and daily record of attendance is being maintained.

State-wise Target for the project of Capacity Building in IT and Digital Services
(including Digital Payment and GST)

Sr. No.	State	No. of Districts	Target	Year 1	Year 2	Year 3	Total
1.	Assam	33	34186	6837	13674	13674	34186
2.	Arunachal Pradesh	18	1516	303	607	607	1516
3.	Manipur	9	2985	597	1194	1194	2985
4.	Meghalaya	11	3251	650	1300	1300	3251
5.	Mizoram	8	1197	239	479	479	1197
6.	Nagaland	11	2172	434	869	869	2172
7.	Sikkim	4	667	133	267	267	667
8.	Tripura	8	4026	807	1610	1610	4026
Total		97	50000	10000	20000	20000	50000

Chronological Order of Developments:

Sanction order received – 28th Nov 2017

DoNER Project Team gets constituted – List of NIELIT officers and Team from HQs

Equipment purchase : NIELIT moves through govt approved GeM portal for all purchases

Hiring of Technical Staff authorised, two technical staff to be deployed at MDoNER office

NIELIT constitutes a Technical PMU to develop a comprehensive MIS PORTAL for the project

Registration forms, Dashboard design and Biometric attendance module available online

Certificates standardised for all locations and made available online, through digital locker and hard copies distributed on graduation day

Aadhar compulsory where available, alternate options to be used elsewhere

Feedback forms compulsory for each trainee

Standardised backdrops for all training locations, training bag and training materials, advertisements for each location

Awareness and Publicity Campaign : two short films commissioned and developed on DoNER project and NIELIT in North East

Dashboard becomes functional provides a birds-eye view of the training program on day to day basis including details of locations, trainees, attendees, departments of state govt etc.

Challenges faced:

1. There is a gap between nominations received vs actual trainees attending the training program. This must be rectified as there is a cost to the training program and targets must be met. Without the cooperation of the state departments, state govt employees may not turn up for the training program.
2. Suggested Solutions – conducting awareness workshops with distinguished academicians or NGOs of the North East who can inspire the employees to attend.
3. The state govt may incentivise the training program by making the training certificate mandatory for the next promotion or attach a small monetary purse to the training program.
4. The state govt may also provide tablets and other digital devices to the successful candidates at the end of the training program to motivate all the nominated employees to attend.
5. Visible ownership from both primary stakeholders viz; MDoNER and MeitY will be needed going ahead to ensure that state governments continue to nominate employees for the training.

TEAM on the MDoNER Project
