1. ARUNACHAL PRADESH

➤ Highlights:

- i. Achieved first year target before time. 18 of Batches were conducted at 4 different training locations
- ii. Currently trained 43 out of 606 of second year target
- iii. Biometric Fingerprint attendances System are installed at every location.
- iv. Usage of ICT equipment like visualiser etc for digital payment demonstration and teaching.

➤ Challenges:

- i. Challenges faced in getting Nomination from remote international border districts where there is almost no internet connectivity. For such border district like Upper Subhansiri, Upper Siang government employees if they come, we always accommodate even if it is more than prescribed training capacity at our centre/Extension centre
- ii. The Training Location Itanagar, Naharlagun, Pasighat, and Tezu still far from many border districts. Covering 23 districts is still a challenge
- iii. Meeting with Deputy Commissioner of remote district and circle's for nomination still require trekking or journey of more than 1 days by road.
- iv. Due to heavy rainfall and landslides internet connectivity is very fluctuating.
- v. There is lack of GST expert in few training locations.
- vi. Arranging working lunch in the prescribed rate is a challenge in this remote location

June' 2018 Highlights

1. Overall response of state governments has been favourable. Assam has a wait list of three months with 7 batches running simultaneously. Assam completed training of **329** candidates by 30th June 2018. This is the highest number for the first month across all 8 states.
2. Bio-Metric attendance units have been installed in each training location and daily record of attendance is being maintained.
3. Meeting held with the PCCF, Principal Chief Conservator of Forest, Govt of Assam Assam and they have assured to nominate a few employees for the training to undergo the same as trainees.

Challenges faced from starting of the training in 22-01-2018 till 30-06-2018:

1. The TA/DA rules of the nominated departments are not very clear and therefore the candidates / officials are submitting different rates for different centres for TA/DA and accommodation. To manage the variety of different types of applications we are facing lots of problem.
2. Training duration of 14(fourteen) days is not being accepted by many departments like Environment and forest, health etc.
3. Allotted amount for Lunch / tea for one day per person is only Rs.70/- (Rupees seventy only). In many locations we are facing difficulty in arranging lunch/tea etc. in that amount.

Highlight:

1) I have been an Officer under Govt. of Mizoram for a long period of time and they used to provide me with a Computer in my Office. But as i did not know how to operate, i need an Assistant whenever i need to use a computer even for a small task and my for personal works. After i completed the Training provided by NIELIT, i can do such kind of small task by myself and it help me a lot in my works and personal needs.

- FJ Liantluanga, Joint Secretary, Excise & Narcotics and Fisheries Departments

2) I am working as Headmaster in Lungleng High School. The Govt. provide us a computer in our school but not trainers. We are currently hiring a computer instructor, but due to remote location the instructor cannot stay permanently and it is very difficult to get a new instructor. So, i volunteer myself to come over here and learn computer from the scratch so that i will be able to train my Teachers and students and we will not face the problem again.

- Vanlallura, Headmaster, Lungleng High School

3) The comments that are received from the trainees are positive and even after completion of the training, the WhatsApp group that was created for each batch were active and it was utilised efficiently for helping the trainees in their day to day IT related works.

4) The training provides good cooperation between NIELIT Aizawl and the State Government and among the departments under the State Govt.

Challenges:

1) The project in-charge at NIELIT HQ are not responsive and cooperative enough while facing certain problems. Some urgent queries given through e-mail and phone are left unanswered.

2) As we already have portal for uploading the training data, it is inefficient and time consuming to prepare a monthly works report separately. Double time and efforts are needed just to prepare a report. If this can be simplified it will reduced a lot of time as the faculties in the Centres are loaded with multiple projects and Workload.
